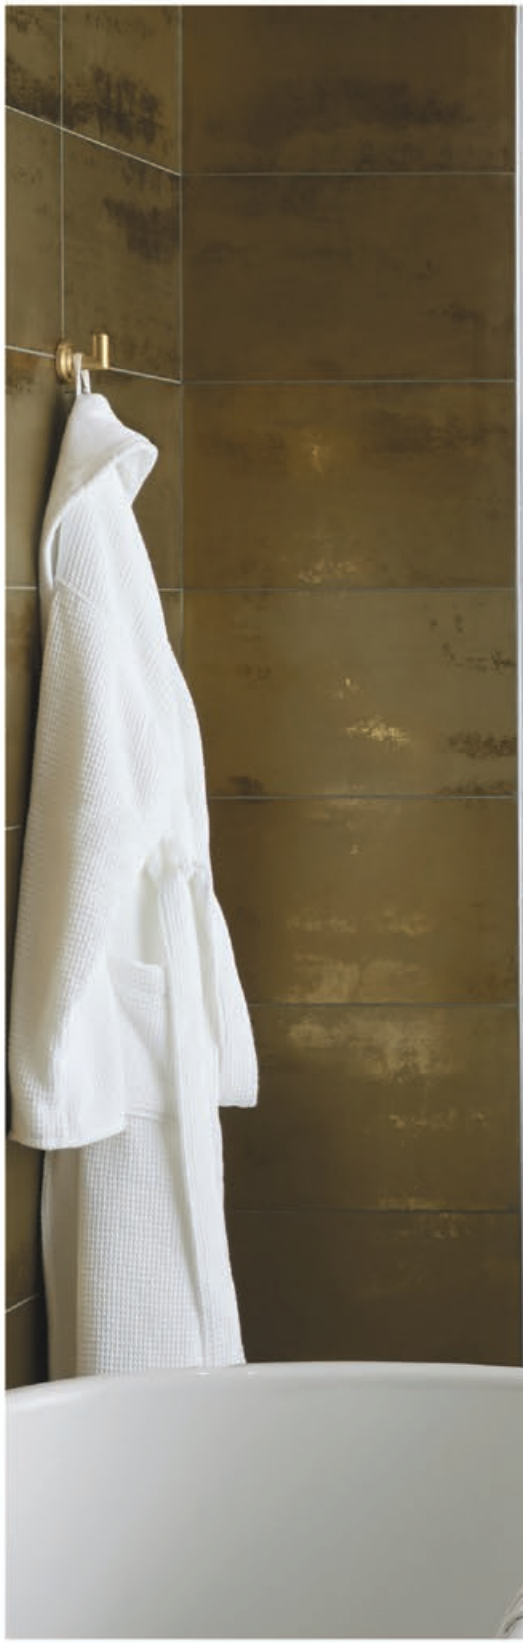
# THE BEAUTY OF THE UNEXPECTED

At the heart of Robern is a belief that the best things in life are unexpected, which is why we treat everything we craft — from mirrors to vanities, from medicine cabinets to lighting collections — as an opportunity to go above and beyond what anyone might expect. It's the implementation of thoughtful and surprising design, technology and quality materials that can truly turn a product into a meaningful, highly personalized experience. And to us, there's nothing more beautiful than that.

**IN THIS ROOM** Cartesian® vanity in Satin White with night lights; Custom top; Custom lighted mirror

# TAILOR-MADE SOLUTIONS

Since we introduced our modular cabinetry and lighting nearly three decades ago, we've gone on to design thoughtful, unexpected solutions for a range of luxury bathroom projects. Because we understand that just as each customer has unique needs, so does each space. Across residential and commercial, our philosophy continues to build on the guiding principles of modularity and quality — transforming every design vision into a reality all its own.



**IN THIS ROOM** Profiles® medicine cabinet with Matte Gold finish and electric; Profiles vanity in Arcobaleno Antique Mirror with Matte Gold finish and night lights; Custom top

**IN THIS ROOM** PL PORTRAY™ medicine cabinet in polished edge with Storage + Electric Upgrade; Vesper™ lighting with Edgeline style in soft light (3000K); Cartesian® vanity in Reeded White with night lights; White Zeus Extreme vanity top

# MEDICINE CABINETS THAT MAXIMIZE SPACE

For 50 years, medicine cabinets have been the cornerstone of our line of luxury storage solutions. With modular designs, frame and finish options, and a multitude of sizes to choose from, Robern medicine cabinets offer exceptional flexibility to meet the needs of any styling space.

## TECH

Keep your styling tools and tech devices powered up — and safely off the countertop — with built-in electrical outlets and USB ports.

## ERGONOMICS

Designed with you in mind, our medicine cabinets feature enhanced ergonomics — like ample storage space and intuitive functionality — that allow you to move efficiently through your space, taking the stress out of your daily routine.

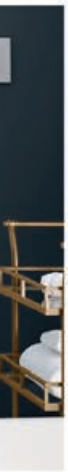
## STORAGE

Robern medicine cabinets offer ample storage for your everyday essentials, keeping your styling space clutter-free. Upgrade with optional accessories to organize the tools and products you use often.

**TOP** PORTRAY™ Electric Upgrade
**BOTTOM LEFT** PORTRAY Sliding Magnification Mirror
**BOTTOM RIGHT** PORTRAY Quick Caddy

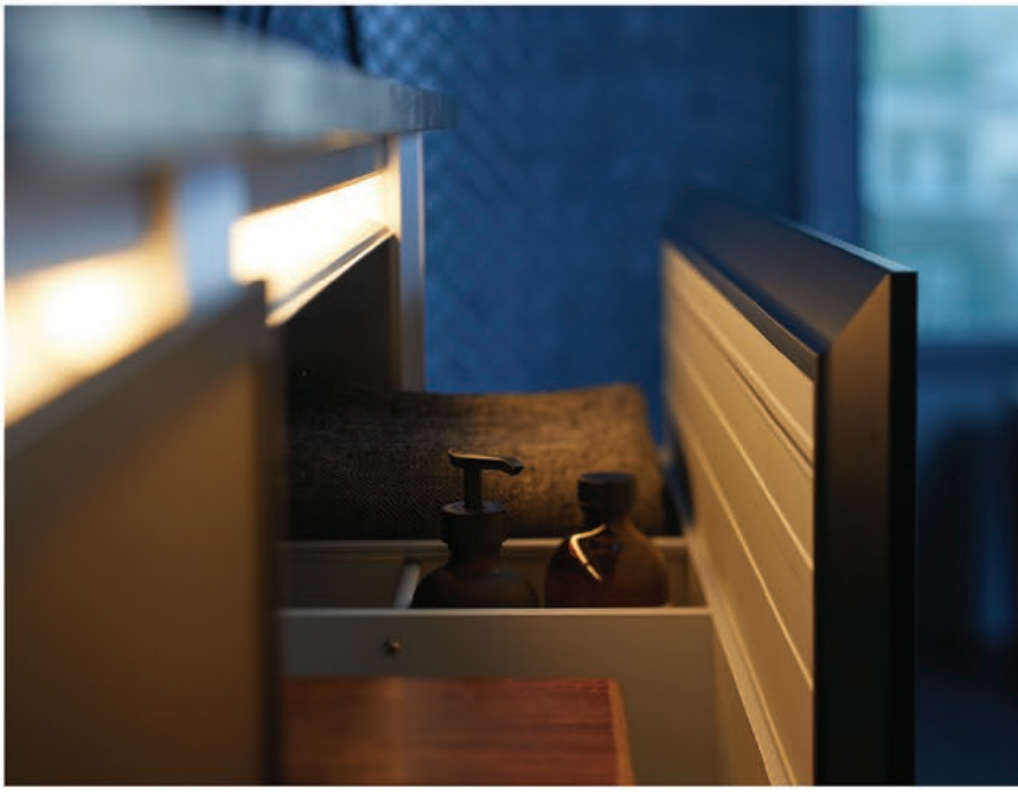
## VANITIES WITH VERSATILITY

Between the Cartesian® and Profiles® collection of vanities, the possibilities are practically endless. Known as the world's most accommodating vanity, Cartesian allows for customization in size, color, drawer count and unique interior features. A full-suite solution with lighting and mirrors, Profiles can be paired to custom-fit any styling space and streamline any routine.



**TOP LEFT** Profiles® vanity in Beach with Matte Gold finish
**TOP RIGHT** Profiles vanity in Satin Bronze with Matte Black finish
**BOTTOM** Cartesian® vanity in White and Matte White

**TOP LEFT** Freestanding magnification mirror
**BOTTOM LEFT** Night light
**RIGHT** Medicine cabinet accessory trays



## DESIGN IS IN THE DETAILS

Our versatility doesn't stop at the surface. By looking inside each product, we can craft moments that allow imaginations to run wild — sparking the joy that comes with possibility. From integrated night lights to custom organization kits to in-drawer electrical outlets, no detail goes unnoticed. No touch is too small. Nothing is overlooked in our mission to engineer the unexpected.

**IN THIS ROOM** Uplift® Tech medicine cabinet with perimeter light pattern in 2700K color temperature, dimmable, Matte Black handle, electric, night light and defogger; Profiles® vanity in Satin Bronze with Matte Black finish and night lights; Custom top

# TRANSFORMATIVE TECHNOLOGY

When it comes to technology, it's not necessarily about what's trending. To us, the most successful technology serves an authentic and lasting purpose. Being mindful of your evolving needs in a time-pressed culture has fueled our pursuit of the perfect features. So every one is thoughtfully designed and meaningfully incorporated — all with an eye toward transforming your routine, your space and your experience in unexpected and delightful ways.

# TRANSFORMATIVE FEATURES

## OM® AUDIO

Turn your mirror into a personal audio system. Unlike traditional speakers that provide unidirectional sound, OM Audio lets your music resonate through the entire mirror, creating a richer, fuller audio experience. Connect your mobile device using high-fidelity Bluetooth® audio to listen to your favorite music tracks.

## TUNABLE LIGHTING

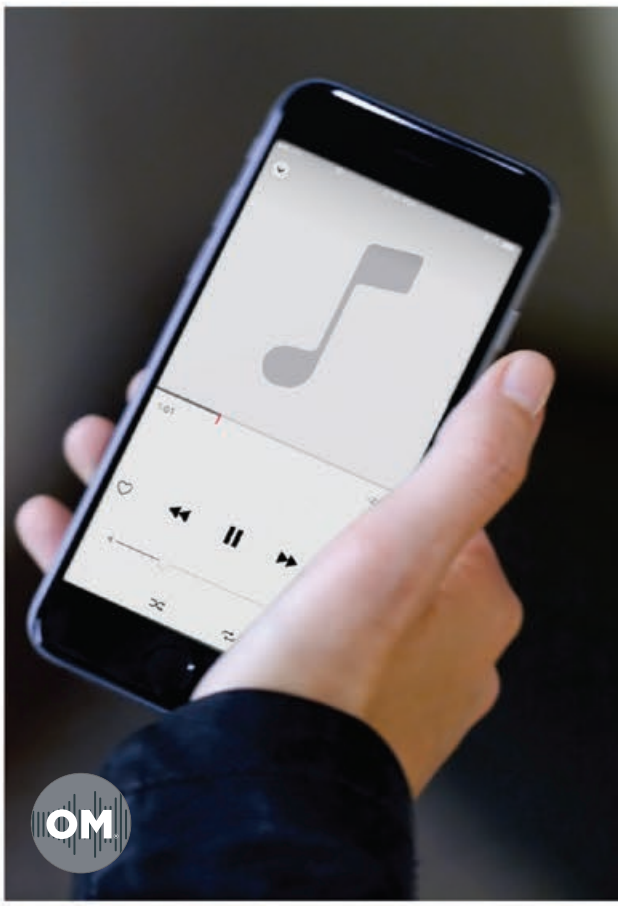
Variable lighting option lets you fine-tune your color temperature between warm (2700K) and cool (5600K) tones for Profiles® lighting and between warm (3000K) and cool (4000K) tones for InLine lighting.

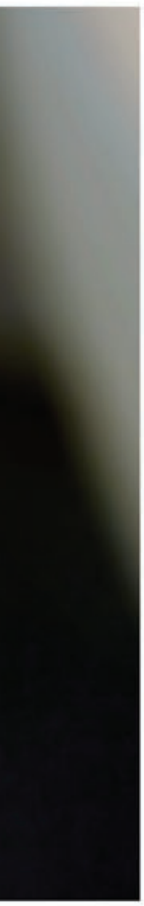
## DEFOGGER

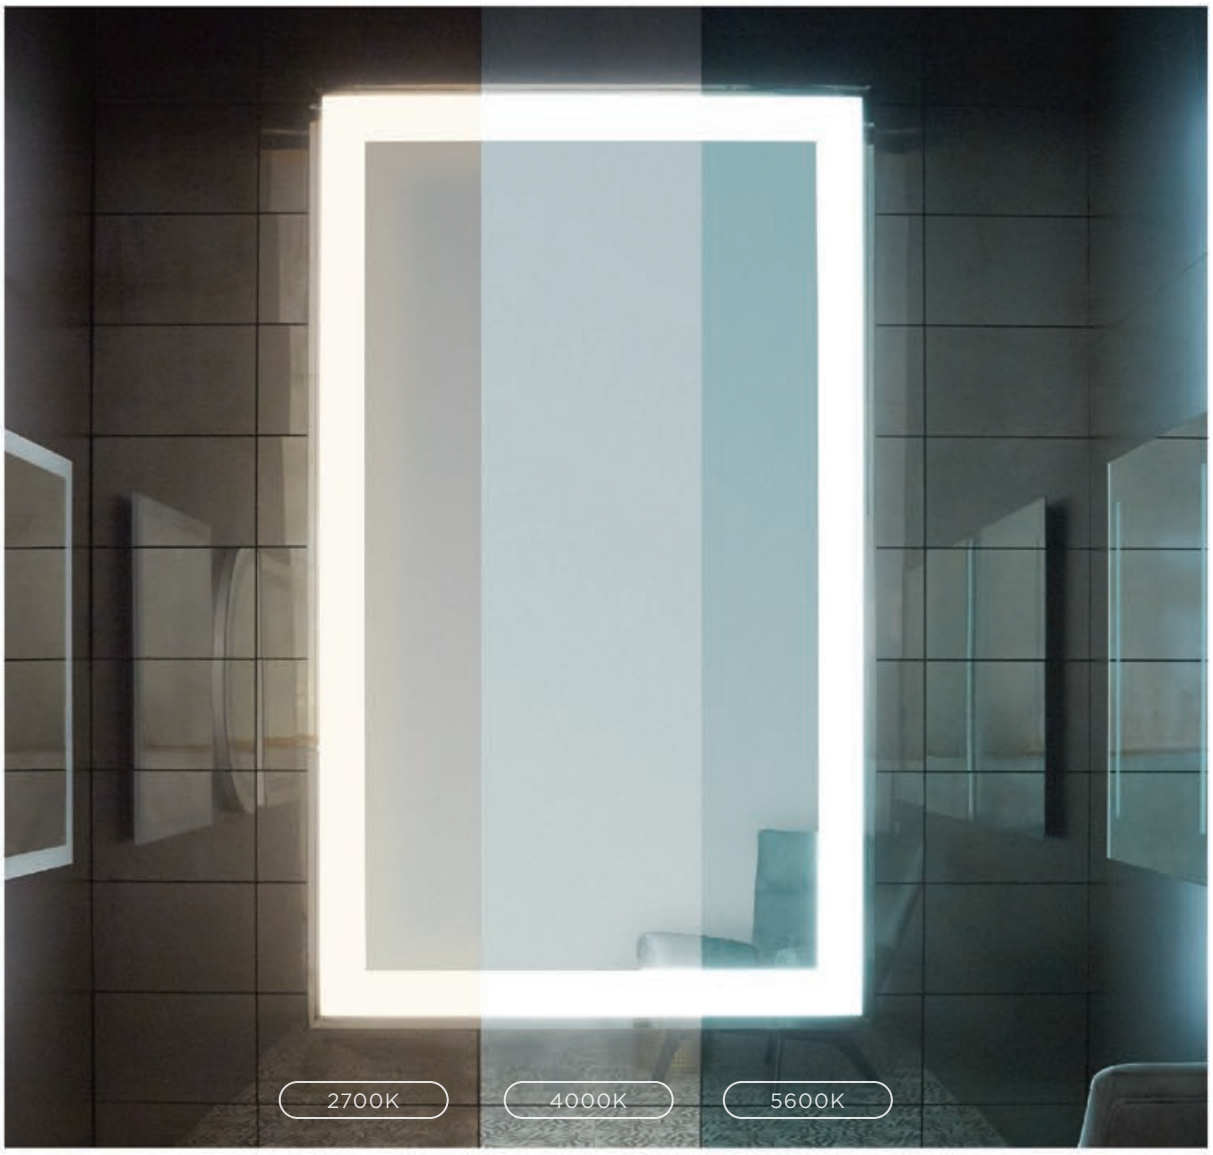
Defogging technology ensures a clear reflection, so a steamy shower won't slow down your mornings.

## USB/ELECTRICAL OUTLETS

Power when and where you need it most, with the added benefit of integrated USB ports to conveniently charge your mobile and media devices.







**TOP LEFT** OM® Audio for the AiO® collection
**TOP RIGHT** Tunable lighting technology from 2700 Kelvin to 5600 Kelvin
**BOTTOM LEFT** Uplift® Tech medicine cabinet with defogger
**BOTTOM RIGHT** Electrical outlets, magnetic strip, night light and Entice® magnification mirror in M Series medicine cabinet

# LEADING-EDGE DESIGNS

At Robern, we have a long history of designing for taste makers. People with an elevated sense of style. People who want this distinction reflected in the pieces that occupy their spaces. People like you. With our growing design team at Robern, we're harnessing the desire for bespoke and unique belongings and using it to inform how we craft product exteriors — creating exciting advancements to marry our superior technology with leading-edge design.

- 90 days return window from invoice date
- Buyer will incur a 25% restocking fee
- All products must be returned freight paid by customer
- Product must be received within 14 days of RGA issue date
- Robern reserves the right to approve or deny all returns

### Safe Arrival Policy

Robern takes every reasonable precaution against breakage or other damage in transit.

It is the Buyer's responsibility to inspect products upon delivery for transit damage and/or shortage.

If damage or shortage is detected, it should be duly noted on the bill of lading prior to signing for the merchandise.

Buyer must then contact Robern to determine if the product can be repaired with replacement parts or returned to Robern in exchange for a new unit.

**Please do not refuse delivery of damaged product.**

### How To Make A Return

Email a note requesting an RGA to your Customer Delight Team at Robern with the following:

- Model and serial number of the product
- Copy of the invoice to verify date and purchase price of the product

Email – reference page 21

Return product along with a copy of the RGA and RGA # written on the carton. Product must be received in original packaging.

All common carrier instructions on packaging should be followed, for example: *Do Not Stack or Do Not Lay Flat*.

Once received at Robern, the product will be inspected and credit issued. The product must arrive at Robern in A-1 condition to receive credit.

# Warranty/Terms and Conditions/Care and Cleaning

## Limited Warranty, One-Year Term

Robern warrants to the original purchaser that it will, at its election, repair, replace, or make appropriate adjustment to products made by this company shown to have significant defects in material or workmanship which are reported to Robern in writing within one (1) year from the date of delivery. Robern is not responsible for installation costs.

The warranty time period for operating components including door hinges and opening devices to the original owner extends beyond the one-year term.

The warranty is void in the event the product is damaged in transit, or if damage or failure is caused by abuse, misuse, abnormal usage, faulty installation, damage in an accident, improper maintenance, or any repairs other than those authorized by Robern. At the expiration of the one-year warranty period, Robern shall be under no further obligation under any warranty, expressed or implied, including the implied warranty of merchantability.

Robern shall not be liable for any consequential damages arising out of or in connection with the use or performance of its products. Some states do not allow limitations on how long an implied warranty lasts or do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Any liability against Robern under any implied warranty, including the warranty of merchantability, is expressly limited to the terms of this warranty.

Permission to return any merchandise under this warranty must be authorized by Robern and returned prepaid by the purchaser.

Claims under this warranty should be sent directly to your dealer.

## Terms and Conditions

### Conditions of Purchase

Robern products are built to order. Products shipped and received in accordance with customers' accepted orders are non-refundable. Certain products are non-cancelable once orders are processed:

- All Frames:
  Main Line mirrors and cabinets
  Profiles® mirrors and cabinets
  Sculpt® lighted mirrors
- Essentials Palette (Stock Colors), Classic Palette and Inspire Palette (Special Order Colors): Vanities, M Series Decorative Cabinets, Surface-Mount Kits and Side Kits
- Curated Cartesian® Vanities
- Engineered Stone Tops
- Purchase orders cannot be adjusted after 48 hours

### Payment Terms

- Payment Terms: Net 30 days.
- Free Freight Allowed on Dealer orders greater than $1500 net.
- Free Freight Allowed on Distributor orders greater than $8000 net.

## Care and Cleaning

How to Clean:
Robern products are constructed of mirrored glass and aluminum. A 50/50 solution of water and isopropyl alcohol is recommended for cleaning the mirrors. Ammonia or vinegar-based cleaners can damage mirrors. A mild detergent may be used on the surfaces. Do not use abrasive cleansers on any part of the cabinet. Use only a soft damp cloth to clean. When cleaning, spray the cloth, not the cabinet, mirror or surrounding surfaces.

## Features & Benefits

- Choose from upgrade options that range from simple and affordable to feature-rich solutions
- Cantilever Shelves feature hidden adjustment holes for an easy to adjust, clean and custom-built appearance
- Slow-close hinges prevent slamming, reduce wear and tear on your cabinet, and ensure a soft closure every time
- Accessories designed in a complementary color to match interior and coordinate together for optimal storage and functionality solutions

## Features & Benefits (Continued)

- Power when and where you need it most with PORTRAY Electric Upgrade, featuring two USB charging ports (total output 4.2 A, 5V) and one 15A, 120VAC tamper resistant outlet (2 plugs), to provide power for items such as electric razors and curling irons. Location of USB charging ports and outlet is customer configurable (left or right side of accessory)
- Interior cabinet light turns on when the door is open and off when it is closed, making it easy to find items even when your room is dark. The sensor controlled, low wattage interior LED light is available with the PORTRAY Electric Upgrade and features a soft white (3000K) for a relaxing tone
- Phone holder is available on the front of the PORTRAY Electric Upgrade by providing a shelf to house the phone while plugged into the USB charging port
- Magnetic Storage area on the PORTRAY Electric Upgrade allows for convenient access to small metal implements and to simplify your daily routine with quick access. Location of magnetic storage is customer configurable (left or right side of accessory)
- PORTRAY Sliding Magnification Mirror with 5X magnification to help with those up-close details is integrated in the door, creating a seamless design that allows for ergonomic vertical adjusting. This 6-7/8" diameter round magnification mirror pivots to bring the mirror to your face for ease of use and provides additional ergonomics to allow for mirror movement without smudging the mirror (two hands needed to adjust)
- PORTRAY Quick Caddy features five (5) divided sections – ideal for holding smaller items such as cotton swabs, makeup and makeup brushes – creating a functional accessory that eliminates clutter inside the medicine cabinet and on countertops. This accessory holder pivots to swing outside of the cabinet for access when the medicine cabinet is closed. The bin of three (3) dividers is removable allowing you to access items anywhere and for ease of cleaning
- Designed to seamlessly fit in your cabinet, the optional IQ™ Digital Lock Box features improved technology to keep your most important items secure. With key code entry, remote access, and tamper notifications via smartphone, you will have total control over your personal items
- Customize around your own needs with a modular design that is intentionally flexible by nature. Install as a single unit, pair cabinets or mirrors together for a multi-product installation or pair with modular lighting for a task lighting and storage solution
- Cabinets can be ganged with AiO® Cabinet, Vesper™ Lighting, InLine Lighting, M Series Cabinet, PL Series Cabinet and Vitality® Cabinet

# PL PORTRAY™ Cabinets – Tips & Features

## Features & Benefits (Continued)

- Incorporate the benefits of a Full Length mirror into your space with the 72" H cabinet featuring the convenience of hidden storage
- Optional Glass Bins to store cotton balls, swabs, hair accessories and other bath necessities in non-toxic, 100% recyclable and reusable stylish canisters that offer strength, weight and compatibility for damp spaces and stand up to wear
- Ideal for ADA applications
- Constructed to operate in high humidity or damp spaces. PORTRAY Electric Upgrade is ETL Certified for damp locations to UL 962, CSA Standard C22.2, No. 68

## Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body with a subtle gray interior
- Concealed finger pull surrounds the door edge for ease of opening
- Bevel edge refers to a mirror with edges cut and polished to a 3/4" angle to produce a sculpted, framed look, while polished edge ensures a clean design with no sharp edges (3 mm – polished, 4 mm – bevel)
- Three-mirror design provides a mirror on the inside rear of the cabinet and both sides of the door – simplifying the daily routine by providing access to personal items with the use of the mirror at the same time
- Door opening angle 110 degrees: Blum 3-way adjustable soft-close concealed hinges with a built in feature to ease the door closed silently, while the self-closing concealed hinges have a spring built in that catch the door and pulls it closed to tell you that the door is closed
- Configure the interior of your cabinet to accommodate essential items of varying heights, from electric toothbrushes to your favorite fragrance with 1/4" (6 mm) thick adjustable clear glass shelves that can adjust in 1" (51 mm) increments: 3 shelves for 20" H, 26" H, 30" H, 4 shelves for 36" H, 40" H and 8 shelves for 72" H. Save time with setting up your cabinet by adding 2 clips per shelf
- Salt Spray Testing – ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Cass Testing – copper test (simulate whole life of product) – accelerated age testing

## Installation

- This installation may require more than one person
- Recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount installations require the purchase of a kit which includes the side kit as well as mounting hardware
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4"
- All cabinets are reversible, allowing the customer to choose orientation for hinges

## Accessories

- IQ™ Digital Lock Box (DLB-16, DLB-20, DLB-24)
- PORTRAY Quick Caddy (QUICKCADDY)
- PORTRAY Electric Upgrade (P2ELECTRIC)

  30" x 27" (762 mm x 686 mm)
  36" x 27" (914 mm x 686 mm)
  48" x 27" (1219 mm x 686 mm)
- Depth: 6" (152 mm)
- Net Weight: 80 – 100 lbs

### Configurable Options

- Styles:
  Non-Lit, Perimeter Lighting, With IQ™ Digital Lock Box
- Upgrade Options:
  No Upgrade
  Electric Upgrade (Interior Lighting, Electrical Outlets, USB Charging Ports)
  Electric+ Upgrade (Interior Lighting, Electrical Outlets, USB Charging Ports, Night Light, Defogger)
- Handle Finish Options: Anodized Aluminum, Chrome, Polished Nickel, Matte Gold, Matte Black

### Features & Benefits

- Unique vertically opening, no-swing door allows for unobstructed installations
- Position-hold door-opening mechanism lets you open the door as low or as high as you need
- Aluminum handle for effortless two-finger lifting; upgrade to match or coordinate fixtures in your styling space with four popular metal frame finishes: Chrome, Polished Nickel, Matte Gold, Matte Black
- Lighted option provides soft, relaxing tones (2700K) that replicate indoor lighting
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection

### Features & Benefits (Continued)

- Light direction and output eliminate dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting to 1% lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring
- The night light provides a soft light that illuminates to help locate items in the middle of the night. Programmable night light in 12-hour increments. Press the button to turn the night light on/off without affecting the programming
- Defogging technology ensures a clear reflection. Turn on with a push of a button and built with a 45 minute timer. An LED indicator light lets you know that the defogger is turned on.
- Power when and where you need it most, the electric column features two USB charging ports and two 15A, 120VAC tamper resistant outlets (3 plugs), to provide power for items such as electric razors and curling irons
- Sensor controlled, low wattage interior LED light
- Consistent color throughout the cabinet with warm 2700K for task lighting, interior illumination and night light
- Cantilever Shelving: clean interior due to "hidden" shelf adjustments
- Dry space or wet space applications
- Able to do behind faucet installation due to vertical opening of cabinet
- Designed to seamlessly fit in your cabinet, the optional IQ Digital Lock Box features improved technology to keep your most important items secure. With key code entry, remote access, and tamper notifications via smartphone, you will have total control over your personal items **NEW!**

# Uplift® Tech Cabinets – Tips & Features

## Tips & Features (Continued)

### Features & Benefits (Continued)

- Task lighting can be operated using standard Triac/Phase-cut residential dimmers and defogger and night light can be hardwired or operated using standard switches, available separately through electrical supply and home improvements centers
- Energy efficient LEDs with an estimated life of 53,000 hours
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2, No. 250.0
- Meets ADA requirements for door opening force for sliding doors
- Installed as a single unit or ganged together for a multiple cabinet installation

### Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Interior mirror
- 2249 cubic inches (36,847 cc) storage capacity for a 30" cabinet with split compartment for maximum flexibility
- 1/4" (6 mm) thick adjustable clear glass shelves; adjustable shelving at 1" (25 mm) increments: 6 shelves (24" W will include 3 shelves)
- Salt Spray Testing: ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Cast Testing: copper test (simulate whole life of product) – accelerated age testing

### Installation

- This installation may require more than one person
- Recessed, semi-recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount and semi-recess installations require the purchase of a kit which includes the side kit as well as mounting hardware.
- Recessed (frame and handle project 1-7/16" [37 mm]), semi-recessed 4" (102 mm) in wall (cabinet, frame and handle project 3-1/8" [79 mm]), or surface mount (cabinet, frame and handle project 7-1/8" [181 mm])
- Aluminum top and bottom kit for surface mount installations is required when top or bottom is visible
- Task Lighting/Dimmer recommendation: C•L® Dimmers or Caseta Wireless from LUTRON®
- For on/off (no dimmer) operation, a standard wall switch may be substituted in place of the dimmer
- Need 22-1/4" ceiling clearance when installing; fully open cabinet is 31-3/4" high
- Improved serviceability: troubleshooting and repairs can be performed while the unit is installed

### Accessories

- IQ™ Digital Lock Box: **NEW!**
  DLB-24 – for use in 24" W cabinet,
  DLB-UPLIFT – for use in 30", 36" and 48" W cabinets
- Handle Upgrades: (UHANDLE__)
- Side Kits:

# AiO® Cabinets – Tips & Features

## Tips & Features (Continued)

### Features & Benefits (Continued)

- Includes two USB charging ports and two 15A, 120VAC outlets (2 plugs) for single door and four 120VAC outlets (4 plugs) for dual door
- Includes Compact Adjustable Magnification Mirror (CAMM) with 5X magnification that sits on the magnetic strip in your cabinet or along the inside of the door so you can see yourself close up
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2 No. 68

### Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal™ Gasket with sealed corners on cabinet body
- 3 mirror design – rear of cabinet and both sides of door
- Concealed finger pull-door edge
- Door opening angle 170 degrees (110 with provided stop): Blum self-closing hinges
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H
- 1/4" (6 mm) thick adjustable clear glass shelves
- Magnetic area in the rail with cabinet to house magnetic tool holder

### Installation

- This installation may require more than one person
- Install as a single unit or gang together for a multiple cabinet installation
- Recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount installations require the purchase of a surface-mount kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4" deep
- Single field wire into electrical shelf – front access serviceability
- MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets can be ganged together from one MGKIT.

- Configure the interior of your cabinet to accommodate essential items of varying heights, from electric toothbrushes to your favorite fragrance, with 1/4" thick adjustable clear glass shelves that can adjust in 2-inch increments: 3 shelves for 30" H, 4 shelves for 40" H
- Salt Spray Testing: ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Cast Testing: copper test (simulate whole life of product) – accelerated age testing
- Secure placement: Independent lab testing of cabinet mounting to ensure that it meets the standard for safety

### Installation

- This installation may require more than one person
- Compatible with most Triac/Phase-cut dimmers, available separately through electrical supply and home improvement centers
- Recessed or surface-mount installation
- Cabinets include hardware for recessed installation. Surface-mount installations require the purchase of a surface-mount kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4" deep
- Single field wire into electrical shelf – front access serviceability
- MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets can be ganged together from one MGKIT.

- Electric option includes two USB charging ports and one 15A, 120VAC outlets (2 plugs)
- Includes magnetic tool holder (except 12" W electric options)
- Pair with Profiles Mirror when storage is not needed and Profiles Lighting to create task lighting in your styling space
- Create a coordinated ensemble by pairing with Profiles Lighting, Profiles Mirrors and Profiles Vanities
- Designed to seamlessly fit in your cabinet, the optional IQ™ Digital Lock Box features improved technology to keep your most important items secure. With key code entry, remote access, and tamper notifications via smartphone, you will have total control over your personal items **NEW!**
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2 No. 68

## Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal™ Gasket with sealed corners on cabinet body
- 3 mirror design – on back of door and inside of cabinet
- Concealed finger pull-door edge
- Door opening angle 170 degrees (110 with provided stop): Blum self-closing hinges
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H
- 1/4" (6 mm) thick adjustable clear glass shelves
- Magnetic area in the rail with cabinet to house magnetic tool holder

## Installation

- This installation may require more than one person
- Install as a single unit or gang together for a multiple cabinet installation
- Recessed, semi-recessed or surface-mount installation (6" deep cabinets can be semi-recessed by 4")
- Cabinets include hardware for recessed installation. Surface-mount and semi-recess installations require the purchase of a kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 15/16" from wall and must be recessed no less than 3-3/4" deep
- For ganging with Profiles Lighting or Profiles Mirrors, a ganging kit is needed to ensure flush alignment.
- Optional MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets or two cabinets and three lights can be ganged together from one MGKIT.

# Profiles® Framed Cabinets – 24" W x 30" H

The bold metal frame makes a stunning first impression, while the clever storage solutions within – like integrated outlets, USB charging ports and a magnetic tool holder – create a lasting impact. Profiles medicine cabinets are gangable and can be easily combined to create additional storage space. If the extra space isn't necessary, pair with Profiles mirrors or Profiles lighting to achieve the perfect look.

- Limitless design solutions with ability to coordinate styling space above and below the sink
- No Upgrade and Electric Upgrade options
- Includes two USB charging outlets and two 120VAC outlets

Two Week Lead Time · Modular · Electrical Outlet · USB Charging · Magnetic

# M Series Cabinets – Tips & Features

## Configurable Options

- Mirror Styles: Flat Top, Arch Top, Full Length
- Edge Type: Polished Edge or Bevel Edge for Flat Top; Arch Top is Bevel Edge only
- Hinge Side: Left or Right
- Upgrade Options:
  No Upgrade
  Electric Upgrade (Interior Lighting, Electrical Outlets, USB Charging Ports)
  Electric+ Upgrade (Interior Lighting, Electrical Outlets, USB Charging Ports, Night Light, Defogger)
- Glass Color (for 70" H only):
  Mirror, 12 Decorative Gloss and Matte Finishes

## Features & Benefits

- Most feature-rich cabinet on the market
- Flat Top available in 3/4" bevel or polished edge mirror door
- Arch Top in 3/4" bevel edge mirror door
- Sensor controlled interior LED light (E2, E4)
- Programmable night light (E4)
- Built-in mirror defogger prevents steaming. Turn on with a push of a button and built with a 45 minute timer (E4)
- Electric option includes one USB charging port and one 15A, 120VAC outlet (2 plugs)
- 8" deep, 70" H cabinets include chrome wire basket
- Includes magnetic tool holder (except 12" W electric options), razor/phone holder and 3 tier tray
- Designed to seamlessly fit in your cabinet, the optional IQ™ Digital Lock Box features improved technology to keep your most important items secure. With key code entry, remote access, and tamper notifications via smartphone, you will have total control over your personal items **NEW!**
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2 No. 68

## Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body
- Quiet close Safeseal™ Gasket with sealed corners on cabinet body
- 3 mirror design – rear of cabinet and both sides of door
- Concealed finger pull-door edge

## Construction (Continued)

- Door opening angle 170 degrees (110 with provided stop): Blum self-closing hinges
- Adjustable shelving at 2" (51 mm) increments: 3 shelves for 30" H, 4 shelves for 40" H
- 1/4" (6 mm) thick adjustable clear glass shelves
- Magnetic area provided in the rail of the cabinet
- Arch doors extend 4" above cabinet

## Installation

- Recessed, semi-recessed or surface-mount installation (6" and 8" deep cabinets can be semi-recessed by 4")
- Cabinets include hardware for recessed installation. Surface-mount and semi-recess installations require the purchase of a kit which includes the side kit as well as mounting hardware.
- Recessed cabinets project 7/8" from wall and must be recessed no less than 3-3/4" deep
- When ganging two or more 70" H full length cabinets, the use of a MHANDLEKIT or MPUSHKIT on one cabinet is required.
- MGKIT includes hardware to gang both sides of a cabinet. As a result, three cabinets can be ganged together from one MGKIT.
- All cabinets require the customer to select the hinge side for their cabinet: Left or Right = hinge side when facing cabinet.

## Accessories

- IQ Digital Lock Box (DLB-16, DLB-20, DLB-24), **NEW!** not for use with 12" W cabinets

- Depth: 4-5/8" (117 mm) suface-mount, 15/16" (24 mm) when recessed
- Net Weight: 6 – 9 lbs

### Configurable Options

- Lighting Styles: Edgeline, Midline, Outline

### Features & Benefits

- Seamless and flush aesthetic creates a visually clean cabinet and light installation when ganged with M Series, PL PORTRAY™ and PL Series medicine cabinets
- Light provides ambient lighting for a room with a soft glow that envelops a space and onto the wall with enough light to function and provides a consistent level of lighting
- Soft, relaxing tones (3000K) that replicate indoor lighting
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+. An R9 value of 50+ in conjunction with a CRI of 90+ is needed to accurately render colors, bring out skin tones and accurately match makeup to skin tone
- Thinner profile with Edgeline is ideal for urban spaces with a style that is reversible (rotate light pattern inside or outside) for ease of installation
- Ease of installation: build the lighting and cabinet configuration prior to placing in the wall using keyhole installation brackets and quick plug-in wire connectors, making installation a cinch
- Dimmable LED to add ambiance and can be used as a night light to allow for wayfinding at night for safe trips to the bathroom, using most standard residential dimmer that works with your home's existing wiring
- Energy efficient LEDs with an estimated life of 53,000 hours
- Will operate in high humidity or damp spaces. ETL certified to UL 1598 CSA Standard C22.2 No. 250.0

### Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Anodized aluminum back frame
- Quality polished edge mirror
- Diffuser built into the product eliminating the need for plastic diffusers to be purchased separately, reducing eye strain with no dark/hot spots.
- Fully encased lighting construction eliminating exposed LEDs and electrical components

### Installation

- This installation may require more than one person
- Midline and Outline sold as a single unit (not as pairs); Edgeline sold as pairs
- Fixture adds 1-3/4" (2-3/4" pair) per light for Edgeline or 2-3/4" (5-1/2" pair) per light for Midline and Outline to the overall rough-in width
- Can be surface-mounted with 4" depth (D4), 6" depth (D6) and 8" depth (D8) cabinets (D4, D6 and D8 surface-mount kit required). Can be semi-recessed with 6" (D6) and 8" depth (D8) cabinets (D6 and D8 semi-recessed kit required) and fully recessed with 4" depth (D4), 6" depth (D6) and 8" depth (D8) cabinets
- Operates on 120 volts AC and 1.6A (3000K) per fixture
- Wired internally – front access serviceability
- If mounting or installing between cabinets, an MGKIT (ganging kit) is required. One MGKIT, will accommodate ganging of two cabinet sides (MGKIT includes two sets). Note: the Vesper Lighting comes with ganging hardware to mount to one side of a cabinet
- Recommended dimmer for fixture: Lutron® C•L Dimmers or Caseta Wireless. This dimmer has a full range control, low light adjustment, stops flickering and last setting memory
- The Master-to-Remote Cable is included with the Edgeline fixture (sold in pairs) to allow for the pairing of the style Edgeline to a medicine cabinet (4-1/4-foot limit for distance)

### Accessories

- Ganging Kit (MGKIT)
- Surface-Mount Kits (MSMK__D_P, P2SMKIT__D4P)
- Semi-Recess Mount Kit (MSMK__D8SRP)

  3-1/2" x 30" (89 mm x 762 mm)
  3-1/2" x 39-3/8" (89 mm x 1000 mm)
  5" x 30" (127 mm x 762 mm)
  5" x 39-3/8" (127 mm x 1000 mm)
- Depth: 4-5/8" (117 mm) suface-mount, 7/8" (22 mm) when recessed
- Net Weight: 10 – 15 lbs

### Configurable Options

- Metal Finish Options:
  Chrome, Polished Nickel, Matte Gold, Matte Black
- Lighting Options:
  Soft White(2700K),
  Bright White (4000K),
  Tunable White (2700K – 5600K)

### Features & Benefits

- Create a coordinated ensemble by pairing with Profiles Medicine Cabinets, Profiles Mirrors and Profiles Vanities
- Match all fixtures in your styling space with Profiles metal frame finishes for a coordinated look: Chrome, Polished Nickel, Matte Gold, Matte Black
- Profiles modular lighting can be ganged with Profiles Medicine Cabinets and Profiles Mirrors
- Choose between soft, relaxing tones (2700K) that replicate indoor lighting and bright, invigorating tones (4000K), which simulate bright daylight or choose variable lighting that lets you fine-tune your color temperature between soft white (2700K) and cool white (5600K) with the use of dimmers

### Features & Benefits (Continued)

- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection
- Light direction and output eliminates dark shadows, provides bright even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting to 1% lets you select the ideal brightness for any task, using a standard residential dimmer that works with your home's existing wiring
- Energy efficient LEDs with an estimated life of 53,000 hours
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 1598 CSA Standard C22.2 No. 250.0

### Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Satin anodized aluminum body

### Installation

- This installation may require more than one person
- Sold as a single unit (not as pairs)
- Fixture adds 3-1/2" or 5" per light to the overall rough-in width
- Can be recessed or surface-mounted with 4" depth (D4) cabinets (D4 surface-mount kit required) and fully recessed with 6" depth (D6) cabinets
- Ganging kit required if used to mount with multiple cabinets – light comes with ganging hardware on one side

## Tips & Features (Continued)

### Installation (Continued)

- Wired internally – front access serviceability
- Operates on 120VAC and 0.5A (2700K/4000K) or 1.0A (variable) per fixture
- Glass lens plane sits flush when paired with a Profiles Medicine Cabinet and Mirror (the mirror when used with ganging kit)
- Optional MGKIT includes hardware to gang to both sides of a cabinet. As a result, three lights and two cabinets can be ganged together from one MGKIT.
- Recommended dimmer for Profile fixture: Lutron® Diva ELV Dimmer (Model DVELV300P) or Caseta Wireless ELV Dimmer (Model PD5NE). These dimmers have full range control, low light adjustment, stop flickering and last setting memory.

### Accessories

- Surface-Mount Kit (MSMK__D_P)
- Ganging Kit (MGKIT) – for ganging with cabinets
- Ganging Kit (PMGKIT____) – for ganging with Profiles Mirrors

### Configurable Options

- Frame Styles: Slim Museum, Chamfer Museum
- Title 24 Compliant:
  Title 24 Compliant and not compliant
- Metal Frame Finishes:
  Chrome, Polished Nickel, Matte Gold, Matte Black

### Features & Benefits

- An assortment of styles and sizes to accentuate and meet the needs of a variety of styling spaces
- Museum frames showcase a 3/8" gap between the edge of the mirror and the overall frame. The lighting and gap work together to create an even, uniformed illumination across the frame and finishes while providing ambiance and task lighting
- Museum frames include two frame styles: Slim and Chamfer

  Slim Museum Frame: for a shadow box effect and to complement a modern aesthetic, the sleek profile creates a minimalist look

  Chamfer Museum Frame: the angled design adds dimension for a unique look that pairs well with transitional and traditional environments

### Features & Benefits (Continued)

- Match or coordinate fixtures in your styling space with four popular metal frame finishes: Chrome, Polished Nickel, Matte Gold, Matte Black
- Create a coordinated ensemble by pairing with Profiles Vanities
- Soft, relaxing tones (2700K) that replicate indoor lighting
- Light direction and output eliminates dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection
- Remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection
- Dimmable LED task lighting lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring. The mirror's LED task lighting provides continuously dimmable brightness to 1%
- Defogging technology ensures a clear reflection using a standard wall switch
- Energy efficient LEDs with an estimated life of 53,000 hours
- Compatible with most Triac/Phase-cut dimmers
- Constructed to operate in high humidity or damp spaces. UL Certified for damp locations to UL 962, CSA Standard C22.2

### Title 24 Compliant Models

- LED mirror models (K) tested and certified to California Title 24 standards and meet JA8 2016 requirements
- The Title 24 certified LED mirror has up to 60% more lumen output than the standard model. This increases the overall brightness of warm white light that illuminates your space and reflection
- The mirror's LED task lighting exceeds Title 24 requirements (< 10% minimum dimming level) with continuously dimmable brightness to 1%
- Vacancy and dimmer recommendation: Maestro C•L Dimmer and Motion Sensor

## Tips & Features (Continued)

### Construction

- Frame Construction:

  Plated Chrome and Polished Nickel finishes provide easy upkeep, exceptional durability, and a timeless look that complements any design

  Anodized Matte Gold and Matte Black finish options are easy to maintain and won't chip, peel, or fade – so you can enjoy their beauty for years to come
- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Quality polished edge mirror
- Constructed for surface mounting
- Salt Spray Testing: ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Secure placement: Independent lab testing of mirror and frame mounting to ensure that it meets the standard for safety

### Installation

- This installation may require more than one person
- Includes installation hardware with easy installation via Plug and Hang System:

  Install mirror by plugging into an outlet behind the mirror, eliminating the need to bring back an electrician to install or remove – making it a cinch for both new construction and renovations. Works in all North American outlets

  Hang the mirror using a pinch cleat mounting system, which provides strength and simplicity to the installation process
- Requires 120 VAC 20 amp GFCI circuit protected wall outlet (configured as detailed in installation instructions)
- Mirror functions (lighting, defogger) operated using standard residential dimmers and switches, available separately through electrical supply and home improvements centers
- Dimmer recommendation: C•L® Dimmers or Caseta Wireless from LUTRON®
- For on/off (no dimmer) operation, a standard wall switch may be substituted in place of the dimmer
- Hang in portrait orientation only

# Sculpt® Lighted Mirrors

The sophisticated interplay of premium task lighting and museum frames makes the Sculpt Lighted Mirror an undeniably exquisite focal point in a variety of styling spaces.

- An assortment of styles and sizes to accentuate and meet the needs of a variety of styling spaces
- Museum frames showcase the lighted mirror by featuring a gap between the edge of the mirror and the overall frame. This kind of precision design allows for even task lighting, high CRI and lumen output so you still see your truest reflection
- Smooth and continuous dimming from standard LED dimmers and defogging via standard wall switch

- Lighting Options:
  Soft White (2700K) for Perimeter, Glow, Edge Lit, Inset, Column or Bright White (4000K) for Inset, Column

### Features & Benefits

- Choose between soft, relaxing tones (2700K) that replicate indoor lighting or bright, invigorating tones (4000K), which simulate bright daylight
- Light direction and output eliminates dark shadows, provides bright, even task lighting and rich, saturated tone in your reflection
- Dimmable LED task lighting lets you select the ideal brightness for any task, using a standard dimmer that works with existing wiring. The mirror's LED task lighting provides continuously dimmable brightness to 1%
- Defogging technology ensures a clear reflection using a standard wall switch
- Energy efficient LEDs with an estimated life of 53,000 hours
- Flip Installation: the 48″ x 36″ mirror can be flipped to 36″ x 48″ to give two size options for a home. By purchasing this mirror option, you not only get the choice to pick the size that meets your needs, it gives you the freedom to change orientation later.
- Compatible with most Triac/Phase-cut dimmers; 0-10V for custom projects
- Constructed to operate in high humidity or damp spaces. ETL/UL Certified for damp locations to UL 962, CSA Standard C22.2, No. 12-82

## Tips & Features (Continued)

### Title 24 Compliant Models

- LED mirror models (K) tested and certified to California Title 24 standards and meet JA8 2016 requirements
- The Title 24 certified LED mirror has up to 60% more lumen output than the standard model. This increases the overall brightness of warm white light that illuminates your space and reflection
- The mirror's LED task lighting exceeds Title 24 requirements (< 10% minimum dimming level) with continuously dimmable brightness to 1%
- Vacancy and dimmer recommendation: Maestro C•L Dimmer and Motion Sensor

### Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Anodized aluminum back frame
- Quality polished edge mirror
- Diffuser built into the product eliminating the need for plastic diffusers to be purchased separately
- Fully encased lighting construction eliminating exposed LEDs and electrical components
- Constructed for surface mounting
- Salt Spray Testing: ASTM Standard for 300 hours performed to test mirror quality against desilvering and degradation resulting from environmental exposure
- Secure placement: Independent lab testing of mirror and frame mounting to ensure that it meets the standard for safety

### Installation

- Installation may require more than one person
- Includes installation hardware with easy installation via Plug and Hang System:

  Install mirror by plugging into an outlet behind the mirror, eliminating the need to bring back an electrician to install or remove – making it a cinch for both new construction and renovations. Works in all North American outlets

  Hang the mirror using a pinch cleat mounting system, which provides strength and simplicity to the installation process
- Requires 120 VAC 20 amp GFCI circuit protected wall outlet (configured as detailed in installation instructions)

### Installation (Continued)

- Mirror functions (lighting, defogger) operated using standard residential dimmers and switches, available separately through electrical supply and home improvements centers
- Dimmer recommendation: C•L® Dimmers or Caseta Wireless from LUTRON®
- For on/off (no dimmer) operation, a standard wall switch may be substituted in place of the dimmer

### Dimensions & Weight

- Dimensions (W x H):*
  24″ x 34-1/2″ (610 mm x 876 mm)
  30″ x 34-1/2″ (762 mm x 876 mm)
  36″ x 34-1/2″ (914 mm x 876 mm)

  *Total vanity height: 34-1/2″, drawer height = 22-1/2″
- Depth:
  21-3/4″ (552 mm)
- Net Weight: 80 – 98 lbs

### Configurable Options

- Color Options:
  Matte White vanity glass and Chrome frame finish,
  White vanity glass and Chrome frame finish,
  Matte Gray vanity glass and Chrome frame finish,
  Tinted Gray Mirror vanity glass and Chrome frame finish
- Night Light:
  No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin for top drawer

### Features & Benefits

- Offered in three preconfigured sizes and four color options make product selection easy
- Match fixtures in your styling space with Chrome and Polished Nickel finishes for a coordinated look
- The tapered legs of the freestanding vanity are minimilast and understated, crafted with a mid-century modern appeal in polished stainless steel for versatility in design and coordination

### Features & Benefits (Continued)

- The Polished Stainless Steel legs are durable and rust resistant with a smooth surface that is easy to clean
- The Polished Stainless Steel legs were designed to accommodate baseboard molding up to ¾″ thick
- The raised legs allow for ease of cleaning under the vanity
- Create a coordinated ensemble by pairing with Profiles Medicine Cabinets, Profiles Lighting and Profiles Mirrors in Chrome
- False front drawer for H1 (7-1/2″ H) maintains the vanity's design where a sink does not allow room for a drawer; plumbing slow-close drawer for H2 (15″ H) allows clearance for the drain
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation
- Organization kit for H2 (15″ H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night light option – integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in selectable 2700 Kelvin/4000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

## Tips & Features (Continued)

### Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- Glass fronts and side kits are replaceable
- Industrial grade installation hardware
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

### Installation

- This installation may require more than one person
- Includes installation hardware and structural mounting hardware
- Special site preparation is required. Wall bracing and Robern supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity
- Components needed for stacking are included with each vanity
- Each design offers the necessary 15" plumbing clearance needed to clear the pipes
- Night light (S) – 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation, see installation instructions for more information
- Electric Accessory option: 120VAC 20A outlet – GFCI protected. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Slim plumbing drawer insert must be used with an above-counter sink installation – includes four glass bins and only available for 15" H (H2) vanities
- Hair Styling Organizer fits all 15" H (H2) plumbing vanity drawers; cannot be used in combination with slim plumbing drawer insert; recommended in combination with Electric Accessory

### Accessories

- In-drawer Electric accessory (VAELECTRIC21): ETL certified to UL 1363, CSA Standard C22.2 No. 21 – to be used in 15" H (H2) vanity drawers only
- Accessory Night Light in selectable 2700 Kelvin/ 4000 Kelvin (SLEDS24, SLEDS30, SLEDS36): Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Hair Styling Organizer (VAHAIRORG): fits most hair dryers and curling irons – to be used in 15" H (H2) vanity drawers only
- Slim Plumbing Drawer insert with four glass bins (VADRAWER30P) – to be used in 15" H (H2) vanity drawers only
- Glass Bins: divided storage (GLASSBIN6.38), small (GLASSBIN3.25), medium (GLASSBIN5.25), large (GLASSBIN8.5)
- Glass top with integrated bowl or engineered stone tops with vitreous china sink
- Alcove finishing kits are required for corner or alcove installations and is available in 22-1/2" (H3) height

  Mirror, 10 Decorative Gloss and Matte Colors
- Night Light:
  No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin
- Drawer Application:
  Choice of split plumbing (not available for 12″ W drawer), full drawer or tip out drawer (7-1/2″ H only, not available for 12″ W drawer)
- No Drawer, False Front: 7-1/2″ H only, **NEW!** not available for 12″ W drawer

### Features & Benefits

- Match or coordinate fixtures in your styling space with four popular metal frame finishes: Chrome, Polished Nickel, Matte Gold, Matte Black
- Modular vanities can be ganged or stacked to fit a variety of desired heights and widths (ganging kit required)
- Create a coordinated ensemble by pairing with Profiles Medicine Cabinets, Profiles Lighting and Profiles Mirrors
- Plumbing drawer to allow clearance for drain (not available for 12″ W drawer); false fronts (7-1/2″ height – H1 only, not available for 12″ W drawer) maintain the vanity's design when a sink does not allow room for a drawer; tip out drawer (7-1/2″ height – H1 only, not available for 12″ W drawer) gives storage back by providing a drawer for smaller items and full drawer allows optimal storage solutions; full drawers are not designed to accept a sink or plumbing. Drawers are intended for ganging and stacking
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation
- H1 (7-1/2″ H) vanities include five glass bins for plumbing drawers and four glass bins for full drawers; H2 (15″ H) vanities include one glass bin with plumbing drawers; not available for 12″ W vanities
- Organization kit for H2 (15″ H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option – integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in selectable 2700 Kelvin/4000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

- The plumbing must be roughed into the plumbing. cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity.
- Components needed for stacking are included with each vanity
- Within a column, all vanities must stay the same width. Ganging kit required for each column connection point and is selected based on the connection height of the cabinets. Each ganging kit is by 7-1/2" H increments (H1 = 7-1/2", H2 = 15", H3 = 22-1/2", H4 = 30").
- Side kits are sold separately to allow for customization and are available individually or as pairs. You must choose one side kit or alcove kit for every exposed side.
- With a 7-1/2" H vanity, a tip out drawer must be used with an undercounter sink
- If stacking with a 7-1/2" H tip out drawer, the second vanity must be a 7-1/2" H plumbing drawer, a 15" H plumbing drawer or a 15" full drawer as the first 15" H needs plumbing clearance. If using 7-1/2" H tip out for undercounter sink installation, slim plumbing drawer insert can be used with a 15" H plumbing drawer and still clear pipes.
- Night light option (S) – 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation, See installation instructions for more information.

## Tips & Features

### Dimensions & Weight

- Dimensions (W x H):*
  24″ x 34-1/2″ (610 mm x 876 mm)
  30″ x 34-1/2″ (762 mm x 876 mm)
  36″ x 34-1/2″ (914 mm x 876 mm)

  *Total vanity height: 34-1/2″, drawer height = 22-1/2″
- Depth:
  21-3/4″ (552 mm)
- Net Weight: 80 – 98 lbs

### Configurable Options

- Color Options:
  Matte White, White, Reeded White,
  Matte Gray, Tinted Gray Mirror
- Night Light:
  No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin for top drawer

### Features & Benefits

- Offered in three preconfigured sizes and five color options make product selection easy
- Match fixtures in your styling space with Chrome and Polished Nickel finishes for a coordinated look
- The tapered legs of the freestanding vanity are minimilast and understated, crafted with a mid-century modern appeal in polished stainless steel for versatility in design and coordination

### Features & Benefits (Continued)

- The Polished Stainless Steel legs are durable and rust resistant with a smooth surface that is easy to clean
- The Polished Stainless Steel legs were designed to accommodate baseboard molding up to ¾″ thick
- The raised legs allow for ease of cleaning under the vanity
- False front drawer for H1 (7-1/2″ H) maintains the vanity's design where a sink does not allow room for a drawer; plumbing slow-close drawer for H2 (15″ H) allows clearance for the drain
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation
- Organization kit for H2 (15″ H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night light option – integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in selectable 2700 Kelvin/4000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

2 WEEK LEAD TIME & 4 WEEK LEAD TIME

## Tips & Features (Continued)

### Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- Glass fronts and side kits are replaceable
- Industrial grade installation hardware
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

### Installation

- This installation may require more than one person
- Includes installation hardware and structural mounting hardware
- Special site preparation is required. Wall bracing and Robern supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity
- Components needed for stacking are included with each vanity
- Each design offers the necessary 15" plumbing clearance needed to clear the pipes
- Night light (S) – 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation, see installation instructions for more information
- Electric Accessory option: 120VAC 20A outlet – GFCI protected. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Slim plumbing drawer insert must be used with an above-counter sink installation – includes four glass bins and only available for 15" H (H2) vanities
- Hair Styling Organizer fits all 15" H (H2) plumbing vanity drawers; cannot be used in combination with slim plumbing drawer insert; recommended in combination with Electric Accessory

### Accessories

- In-drawer Electric accessory (VAELECTRIC21): ETL certified to UL 1363, CSA Standard C22.2 No. 21 – to be used in 15" H (H2) vanity drawers only
- Accessory Night Light in selectable 2700 Kelvin/ 4000 Kelvin (SLEDS24, SLEDS30, SLEDS36): Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12

  *Width is with side kits installed
- Depth:
  18-3/4″ (476 mm)
  21-3/4″ (552 mm)
- Net Weight: 25 – 97 lbs

### Configurable Options

- Decorative Glass Options:
  mirror, 14 decorative gloss, matte and textured colors
- Night Light:
  No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin
- Drawer Application:
  Choice of split plumbing (not available for 12″ W drawer), full drawer or tip out drawer (7-1/2″ H only, not available for 12″ W drawer)
- No Drawer, False Front: 7-1/2″ H only, **NEW!** not available for 12″ W drawer

### Features & Benefits

- Offered in limitless designs, these vanities are built to fit your preference and storage needs
- Modular vanities can be ganged or stacked to fit a variety of desired heights and widths (ganging kit required)
- Plumbing drawer to allow clearance for drain (not available for 12″ W drawer); false fronts (7-1/2″ height – H1 only, not available for 12″ W drawer) maintain the vanity's design when a sink does not allow room for a drawer; tip out drawer (7-1/2″ height – H1 only, not available for 12″ W drawer) gives storage back by providing a drawer for smaller items and full drawer allows optimal storage solutions; full drawers are not designed to accept a sink or plumbing. Drawers are intended for ganging and stacking
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation
- H1 (7-1/2″) vanities include five glass bins for plumbing drawers and four glass bins for full drawers; H2 (15″) vanities include one glass bin with plumbing drawers; not available for 12″ W vanities
- Organization kit for H2 (15″ H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option – integrated LED night light with light bar built into top frame of each drawer, provides soft light to illuminate drawer interior and for wayfinding light in selectable 2700 Kelvin/4000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

## Tips & Features (Continued)

### Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- Constructed for wall hanging loads with stone tops
- Glass fronts and side kits are replaceable
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

### Installation

- This installation may require more than one person
- Includes installation hardware and structural bolts
- Special site preparation is required. Wall bracing and Robern supplied hardware are recommended
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity
- Components needed for stacking are included with each vanity
- Within a column, all vanities must stay the same width. Ganging kit required for each column connection point and is selected based on the connection height of the vanities. Each ganging kit is by 7-1/2" increments (H1 = 7-1/2", H2 = 15", H3 = 22-1/2", H4 = 30").
- Side kits are sold separately to allow for customization and are available individually or as pairs. You must choose one side kit or alcove kit for every exposed side.
- With a 7-1/2" H vanity, a tip out drawer must be used with an undercounter sink
- If stacking with a 7-1/2" tip out drawer, the second vanity must be a 7-1/2" plumbing drawer, a 15" plumbing drawer or a 15" full drawer as the first 15" needs plumbing clearance. If using 7-1/2" tip out for undercounter sink installation, slim plumbing drawer insert can be used with a 15" H plumbing drawer and still clear pipes.
- Night light option (S) – 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation. See installation instructions for more information.

### Installation (Continued)

- Electric Accessory option: 120VAC 20A tamper resistant outlet. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Slim plumbing drawer insert must be used with an above-counter sink installation; full drawer version can be used in a full drawer - includes four glass bins and only available for 15" H (H2) vanities
- Hair Styling Organizer fits all 15" H (H2) vanity drawers except 24" plumbing drawer; cannot be used in combination with slim drawer insert; recommended in combination with Electric Accessory

### Accessories

- In-drawer Electric Accessory (VAELECTRIC18, VAELECTRIC21): ETL certified to UL 1363, CSA Standard C22.2 No. 21 – 15" H only
- Accessory Night Light in selectable 2700 Kelvin/ 4000 Kelvin (SLEDS12, SLEDS24, SLEDS30, SLEDS36): Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Slim Plumbing Drawer Insert with five glass bins (VADRAWER24P, VADRAWER30P, VADRAWER36P) – 15" H only
- Slim Full Drawer Insert with four glass bins (VADRAWER12X, VADRAWER24X, VADRAWER30X, VADRAWER36X) – 15" H only
- Glass Bins: divided storage (GLASSBIN6.38), small (GLASSBIN3.25), medium (GLASSBIN5.25), large (GLASSBIN8.5)
- Hair Styling Organizer (VAHAIRORG): fits most hair dryers and curling irons – to be used in 15" H (H2) vanity drawers only
- Glass and engineered stone tops with porcelain sink
- Glass side kits sold separately as single units or as a pair. Available in 4 heights and 2 depths, and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30").
- Ganging kits are required when combining two or more vanities and are available in 4 heights and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30")
- Alcove finishing kits are required for corner or alcove installations and are available in 4 heights and based on the final configuration of the vanity (7-1/2", 15", 22-1/2", 30")
- Freestanding Leg Accessory: **NEW!** 22-1/2" H x 21" D vanities, not available for 12" W vanities

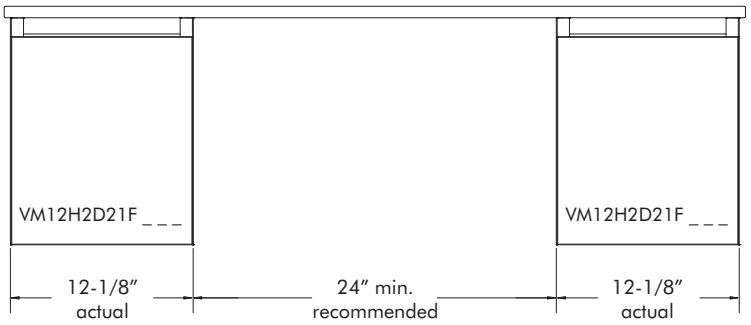
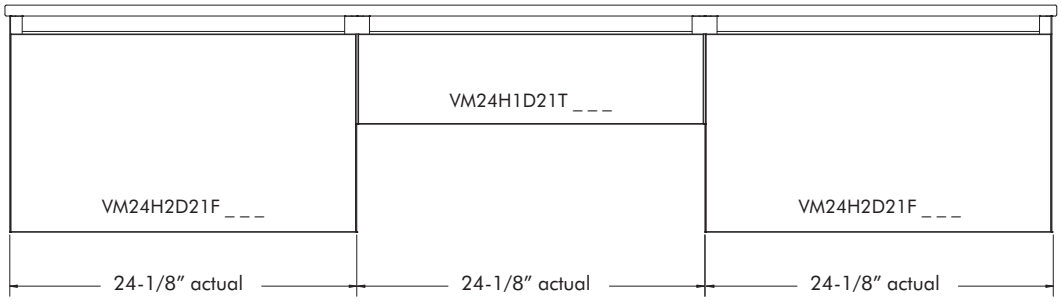
Example 1: Two 12″ Wall-Hung Vanities



**Example 1:** Two 12″ wide Cartesian vanities for a 48″ wide vanity space:

- 12″ wide VM + 24″ wide space + 12″ wide VM = 48″ wide vanity space (48-1/4″ actual width)

Example 2: Three 24″ Wall-Hung Vanities



**Example 2:** Three 24″ wide Cartesian vanities for a 72″ wide vanity space:

- 24″ wide VM + 24″ wide VM + 24″ wide VM = 72″ wide vanity space (72-3/8″ actual width)

  *Width is with side kits installed
- Depth: 22″ (559 mm)
- Net Weight: 100 – 205 lbs

### Configurable Options

- Vanity Styles:
  Single Drawer (Plumbing Drawer),
  Two Drawer (Plumbing Drawer, Full Drawer),
  Three Drawer (Tip Out Drawer, Plumbing Drawer, Full Drawer)
- Decorative Options:
  1) White Glass, Stone Gray Top,
  2) Tinted Gray Mirror Glass, Lyra Top,
  3) Matte Gray Glass, Quartz White Top
- Night Light:
  No Night Light or Integrated LED Night Light in selectable 2700 Kelvin/4000 Kelvin

### Features & Benefits

- Fully pre-configured vanity
- Glass finishes and engineered stone create a visually stunning product that's durable enough to stand the test of time
- Includes Robern ceramic lavatory and proprietary Robern mounting brackets
- Vanity top with 8″ widespread faucet holes
- Plumbing slow-close drawer allows clearance for drain; tip out drawer for H1 (7-1/2″ H) gives storage back by providing a drawer for smaller items and full slow-close drawer allows for maximum storage when plumbing does not interfere
- Uniquely designed handleless ergonomic drawer, allows for a comfortable feel and effortless operation
- H1 (7-1/2″ H) vanities include five glass bins for plumbing drawers and four glass bins for full drawers; H2 (15″ H) vanities include one glass bin with plumbing drawers
- Organization kit for H2 (15″ H): two fully adjustable glass drawer dividers provide storage right where you need it and prevent items from moving and sliding in the drawer
- Night Light Option – integrated LED night light with light bar built into top frame (top drawer only), provides soft light to illuminate drawer interior and for wayfinding light in selectable 2700 Kelvin/4000 Kelvin. Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Electric accessory option: three plugs and a switch that turns off power to the unit to keep appliances safely plugged in

## Tips & Features (Continued)

### Construction

- Durable rust-free anodized aluminum and glass construction – resists intense moisture, ensuring long-lasting beauty
- Slow-close full-extension slides combined with the durability of aluminum construction ensure smooth operation of the vanity drawers that will last a lifetime
- Constructed for wall hanging loads with stone tops
- Glass fronts and side kits are replaceable
- Industrial grade installation hardware
- White shatter-protected glass drawer bottoms will not degrade or show wear. Glass dissipates heat to ensure confidence that hot items will not leave heat marks on the bottom of the drawers

### Installation

- This installation may require more than one person
- Includes installation hardware, structural bolts and silicone
- Special site preparation is required. Wall bracing and Robern supplied hardware are recommended.
- The plumbing must be roughed into the plumbing cutout area of the vanity. Refer to the sink rough-in and the vanity rough-in for proper placement. The water supply and drain lines must be installed before installing the vanity.
- Components needed for stacking are included with each vanity
- Each design offers the necessary 15" plumbing clearance needed to clear the pipes
- Night Light Option (S) – 12VDC plug-in transformer. Option of two color temperatures for one night light: 2700 or 4000 Kelvin. The vanity is preconfigured at 2700K. Night light can be reconfigured to 4000K at time of installation. See installation instructions for more information.

### Installation (Continued)

- Electric Accessory option: 120VAC 20A tamper resistant outlet. Installed within 15" H (H2) vanity drawer; not recommended to be used in combination with Slim Drawer Insert; recommended in combination with Hair Styling Organizer
- Slim full drawer insert can be used in a full drawer – includes four glass bins and only available for 15" H (H2) vanities
- Hair Styling Organizer fits all 15" H (H2) full vanity drawers; cannot be used in combination with slim plumbing drawer insert; recommended in combination with Electric Accessory

### Accessories

- In-drawer Electric Accessory (VAELECTRIC21): ETL certified to UL 1363, CSA Standard C22.2 No. 21 – to be used in 15" H (H2) vanity drawers only
- Accessory Night Light in selectable 2700 Kelvin/ 4000 Kelvin (SLEDS24, SLEDS30, SLEDS36): Night light is ETL certified to UL 2108, CSA Standard C22.2 No. 12
- Slim Full Drawer Insert with four glass bins (VADRAWER24X, VADRAWER30X, VADRAWER36X) – 15" H only
- Glass Bins: divided storage (GLASSBIN6.38), small (GLASSBIN3.25), medium (GLASSBIN5.25), large (GLASSBIN8.5)
- Hair Styling Organizer (VAHAIRORG): fits most hair dryers and curling irons – to be used in 15" H (H2) vanity drawers only

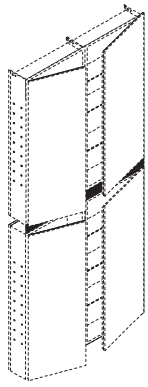
## Cabinet Stacking Filler System

Example 1



Example 2

MSF Systems are made to order.
MSF – model designation.
Dimension – total width of all components in inches.

Mounting Configuration:

| | | | |
|---|---|---|---|
| Surface | MSF – * | AiO, Profiles, M Series, PL Series | $ 99. |
| Recessed | MSF – R | AiO, Profiles, M Series, PL Series | $ 99. |
| Semi-Recessed | MSF – D2 | AiO, Profiles, M Series, PL Series | $ 99. |

* Follow MSF with width in inches of overall cabinet array.

Example 1 – MSF22.25S – MC2040 cabinet with ML1.540_ lights
Example 2 – MSF30.5R – (2) MC1630 cabinets

**Notes:** Stack filler is required only when vertically stacking cabinets.
MSF adds 5/8″ to combined height of cabinets.
Rough opening height is 1-3/8″ plus the combined R.O. heights of cabinets.
For special layouts, send sketch to Robern Customer Service.
Bold/Solid line drawing represents actual model number,
Faded/Dotted line drawings are for design reference only.

# COLORS & FINISHES

From moody to playful, calming to invigorating, nothing dictates the experience of a room like color and texture. Because the slightest change in tone or contour can completely change the perception of a surface, we spend countless hours developing and refining our palette and materials to achieve precise and purposeful impact so that you can create a styling space that makes a statement.

## ESSENTIAL PALETTE

Just as a building's foundation supports the entire structure, our Essentials palette forms the foundation of a timeless yet modern design aesthetic. Exceptionally versatile and robust, our Essentials colors distill style into their strongest, most basic elements, establishing a purity of form and expression while supporting a wide range of design choices.
