THE VITALITY™ LIGHTED MIRROR COLLECTION

Models that support Title 24 compliance
INTRODUCING MODELS THAT SUPPORT TITLE 24 COMPLIANCE FROM THE VITALITY™ LIGHTED MIRROR COLLECTION

For Title 24 compliance in residential and commercial projects, Vitality Mirrors are certified as High Efficacy for meeting California Title 24 performance requirements.

SUPPORTS TITLE 24 COMPLIANCE
Energy code required by California to reduce the overall consumption of energy use by luminaires.

60% MORE LUMEN OUTPUT
IMPROVED QUALITY OF LIGHT
Certified as High Efficacy with up to 60% more lumen output* with a CRI value of 90+ and R9 of 50+.

FEATURES

WARM WHITE LED LIGHTING
Warm, relaxing tones (2700K) replicate indoor light to help you unwind before bed or ease into your morning.

HIGH COLOR RENDERING INDEX (CRI)
Offers remarkably accurate color rendering with a CRI value of 90+ and R9 of 50+, so you can see your truest reflection.

EASE OF INSTALLATION
French cleat mounting system makes installation effortless. Power cords installed for easy plug-in installation, eliminating the need to bring back an electrician to install or remove.

*Compared to standard Vitality Mirrors, 36” x 40” size
SMOOTH, FLICKER-FREE DIMMING
Select the ideal brightness for any task. Dimmable task lighting exceeds Title 24 requirements (≤ 10% minimum dimming level) with continuously dimmable brightness to 1%.

OPTIMAL LIGHT DIRECTION AND OUTPUT
The best light is achieved by a combination of high lumen output and proper placement in relation to the face and body. Eliminate dark shadows and provides bright, even task lighting.

DEFOGGING
Defogging technology ensures a clear reflection, so a steamy shower won’t slow down your mornings.
