Raise your expectations for styling space design. Uplift Tech enhances the innovative features of the classic Uplift Medicine Cabinet with state-of-the-art technology, superior task lighting, and luxurious finishes to create a cutting-edge storage solution that is seamlessly functional and beautifully versatile.
The efficient storage and pioneering design of Uplift+ redefined the possibilities for styling spaces. With Uplift Tech, modern accents and upgraded features elevate the experience.

- Streamline your routine with functional features like defogging, night light, integrated electrical outlets, and built-in USB charging.
- Vertically opening doors won’t interfere with tall faucets or hanging light fixtures, allowing for unparalleled design flexibility even in small spaces.
- Clear the clutter and create a sense of simplicity with a minimalist design that effortlessly stores your essentials out of sight.
- The Perimeter lighting option illuminates the Uplift Tech with Robern’s industry-leading task lighting.
THE EVOLUTION OF UPLIFT® DESIGN

For more than a decade, Uplift has transformed styling space design with its unique vertically opening cabinet design. We honor that legacy with the bold, fresh, forward-thinking features of the new Uplift Tech.

Uplift Tech is available with non-lighted and perimeter lighting options, and sizes now include a new 24” cabinet ideal for urban spaces.
HANDLE FINISHES
Uplift® Tech features an anodized aluminum handle, with the option to upgrade to a premium metal finish that pairs with your color palette.
SEAMLESS ERGONOMIC DESIGN

Our design and engineering teams reimagined and improved upon the original design:

• The handle enables effortless two-finger lifting, allowing for easy access to tools and essentials.

• Adjustable cantilever shelving can be easily placed and repositioned to create a personalized storage solution.
INNOVATIVE TECHNOLOGY

From the morning rush to the bedtime routine, Uplift® Tech applies the latest technology to make your daily prep feel effortless.

• Eliminate delays in your daily routine with defogging technology that turns on with the push of a button and is equipped with a 45-minute timer.

• The LED night light can be turned on and off using in-cabinet controls or programmed to provide nighttime illumination in 12-hour increments.

• Task lighting is integrated into the mirror to provide a high-quality reflection, so you look and feel your best.

THOUGHTFUL FEATURES

Throughout the process of engineering Uplift® Tech, every aspect of the design was carefully considered and thoughtfully improved to create a state-of-the-art cabinet that balances timeless design with revolutionary features.

With Uplift Tech, even the smallest details serve a distinct purpose:

• Integrated USB ports keep your phone charged and close at hand.

• Tamper resistant plugs add convenience and safety.

• Interior illumination and adjustable shelving make it easy to access your essentials.
QUALITY OF LIGHT

COLOR RENDERING INDEX (CRI)
Uplift® Tech Medicine Cabinets with Perimeter Lighting offer remarkably accurate color rendering at 90+ CRI, so you can see your truest reflection.

WARM WHITE LED LIGHTING
Warm, relaxing tones (2700K) replicate indoor light to help you unwind before bed or ease into your morning.
LIGHT DIRECTION AND OUTPUT

The right light is achieved by a combination of high lumen output and proper placement in relation to the face and body. Uplift® Tech Medicine Cabinets with Perimeter Lighting have been carefully designed to enable you to see yourself in the best light:

• Eliminate dark shadows
• Experience bright, even task lighting
• See rich, saturated tone in your reflection
• Be confident that lighting stays consistent, even for close up tasks
When efficient storage and simple, streamlined design are the highest priorities, the Uplift Tech package redefines minimalism.

MEANINGFUL INNOVATION

From dimmable lighting to defoggers, from automatic timing to touch control, we deliver styling space innovations that matter most to you.

UNPARALLELED CRAFTSMANSHIP

Aluminum and glass are two of the signature premium materials our craftsmen skillfully transform into distinctive fixtures and furnishings.

THOUGHTFUL DESIGN

At Robern, we believe no detail is too small — every single feature incorporated into our styling space solutions has purpose and meaning.

UNCOMPROMISING QUALITY

Everything Robern makes — from vanities to mirrors, medicine cabinets to lighting collections — embodies the principle of quality above all.

TRANSFORMING ROUTINES

Because everyday routines should never feel ordinary, it is our mission to craft quality products that noticeably transform the day-to-day.
